Take advantage of your quarantine status: spark a conversation with your #StayHome family or video call a friend! Take turns asking each other questions and connect with one another.

**Things are about to get interesting!**

---

**HOW TO START?**

Once you’ve folded this origami conversation starter:

1. Ask the first question: “How many letters are in your name?”. Open and close the conversation starter that amount of times.

2. Pick your next number! Open and close the conversation starter that amount of times.

3. Pick your final number. Open flap of the selected number and ask the question inside to start some great conversation!
